INFORMATION ON THE CORONA PANDEMIC

Please note that for your own safety far-reaching measures to contain the corona pandemic are being taken in your hotel and at your holiday destination.

Depending on the regional development, this can lead to some changes and restrictions in the range of services offered by the hotel (e.g. mouth protection may be required in public areas, changed restaurant concepts, no or limited wellness offers, no or limited animation, no mini Club support, ...).

These measures serve in particular for your personal protection.

Of course, all tried and tested rules of conduct such as hand hygiene, compliance with minimum distances and coughing / sneezing etiquette should also be observed by each individual travel guest.

The official requirements can also be adjusted at short notice, depending on current developments, for individual hotels, vacation spots or regions.
